

Social Studies 20 – Nationalism and the Nation-States of Europe

Name:

Date Due:

Step One – label all of the nations of Europe (*we can use this map throughout the course to refer to nationalist movements*).

Step Two – color the following major European nation-states to highlight their location:

- Great Britain
- Spain
- France
- Germany
- Italy

Step Three – choose three other nation-states you are interested in and color their location to help you remember where they are; then fill in the following chart.

Name of Nation-State	Why I am interested in this region	What I would like to learn about this region

Step Four – now compare your map to the map of Europe in 1815. Then answer the following questions.

1. What do you notice about the borders of the major nation-states of Spain, France and Great Britain? What does this tell you about these nations?
2. What do you notice about the areas around southern Europe, including the Italian and Balkan Peninsula? What could be inferred about these nations in the area?
3. Do you feel that the participants in the Congress of Vienna made the correct choices when redrawing the map of Europe after the fall of Napoleon (should the nation-states be based on ethnicity)?
